# PROJECTOR LAMP REPLACEMENT PROGRAM

*Electrosonic's lamp program eliminates the hassle of procuring, storing and purchasing projector lamps.*

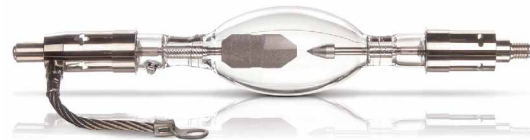

If you have a projector in your facility, you know how frustrating it can be when the lamp fails and you don't have a replacement. You may also know that even if you were diligent and kept a spare lamp on the shelf, its warranty will likely have expired before you get to install it.

Using the knowledge obtained by listening to our customers and drawing on our own experiences with warranty claims and lamp shortages, Electrosonic has developed a unique lamp program that eliminates the hassle of procuring, storing and purchasing projector lamps.

The program's annual contract locks in your lamp price, ensures there is a lamp on our shelf ready to ship to you, starts the warranty on the day you install the lamp and handles the recycling. We estimate the number of lamps you will need in a year and store them in one of our warehouses, ready to ship to you before you need them.

As each customer and audio-visual system is completely unique, the lamp program is fully customizable to meet your individual needs.
